

Unlock your child's potential

Anywhere, anytime learning.

Hamtramck Public Schools - Virtual Learning Institute allows your child to get a well-rounded, personalized and high-quality education from the comfort of your home or anywhere he or she has an internet connection.

Our virtual program will provide an innovative learning experience to help your child build a strong foundation for a lifetime of achievement. We are working closely with families to tailor the learning program to each child's needs, talents, interests, and learning styles.

We are partnering with Pearson Online & Blended Learning, the world's learning company, to provide our students with:

- Award-winning and proven curriculum designed for college and career readiness and student success
- NCAA-approved courses for high school athletes
- Highly qualified state-certified teachers trained in online instruction
- Current education technology tools
- Opportunities for socialization and community engagement
- FAMILY 411 resource center to support families and ensure virtual school success
- Synchronous LiveLessons where teachers instruct in real-time virtual sessions

“I am so grateful that there is a school that gives our family options while still offering such a great education for my daughters.”

Tony, online program parent

Our student-centered approach

Hamtramck Public Schools is right for students who:

- Prefer home-based learning.
- Need more flexible scheduling, such as artists and athletes.
- Appreciate more individual attention or support.
- Can benefit from pacing that works with their learning styles.
- Want more challenging courses
- Are overcoming medical issues.

CARETAKERS

Typically support and motivate the student and monitor the schedule. Caretakers are also encouraged to communicate and collaborate with the teachers.

CURRICULUM

Provides multimedia lessons, interactive tools, and excellent resources to engage students. It also delivers continuous information on students' progress to teachers.

Connexus®EMS

is the online system that facilitates learning. Students and caretakers use it to link with teachers, curriculum, and a wide range of resources.

TEACHERS

Personalize lessons, provide feedback and assistance, and encourage students. Periodically, teachers instruct in real-time virtual sessions and evaluate student progress.

STUDENTS

Discover, create, and learn from home, accessing curriculum and resources via the Internet. Students can contact teachers for assistance by WebMail, chat, or phone.

The flexibility your child needs
