

September 4, 2025

Dear Hamtramck Families,

We are excited to announce that Hamtramck Public Schools is moving to online enrollment starting September 8, 2025! This new option is designed to make the enrollment process more convenient and accessible for all of our families.

As we review the needs of our community and continue to assess the program, we will be offering both online and in-person enrollment options. This way, families may choose the method that works best for them.

Our goal is to ensure that every family has the support and flexibility they need throughout the enrollment process.

Below is the link to our online enrollment:

<https://sisweb.resa.net/PreEnrollment/default.aspx?id=82060>

Thank you for being a valued part of the Hamtramck Public Schools community. We look forward to serving you and your child in the upcoming school year.

Best regards,

Amra Poskovic
Director of Pupil Services
